

ABC-CLIO eBooks

Flexibility *and* Unlimited Access to Award-winning Content

Since the launch of ABC-CLIO's ebook program in 2001, we have maintained our commitment to providing libraries with unlimited, unfettered access to award-winning reference content. Free MARC records, easy linking to ebooks from your OPAC, no additional charges for simultaneous users or remote access—these have been a hallmark of the ABC-CLIO program since its inception.

Our encyclopedias, handbooks, dictionaries, and guides are available for purchase as individual ebooks or by subscription in ever-expanding collections, offering you flexible options for building an award-winning collection that meets your needs.

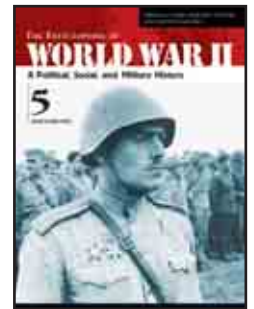

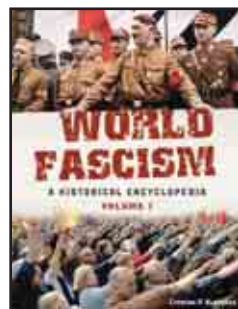

Broad Scope, Award-winning Titles

ABC-CLIO titles have been selected for hundreds of "best of" awards, including:

ABC-CLIO eBooks: The Choice is Yours

Flexible

Whether you're just getting started with ebooks or looking to augment an already robust collection, ABC-CLIO's ebook program offers the flexibility you need to create an award-winning history collection. eBooks can be purchased individually as the need arises or you can eliminate time and effort spent evaluating and selecting individual titles by subscribing to an entire collection that is continually growing with *History Reference Online*. The choice is yours.

Affordable

ABC-CLIO ebook pricing is FTE-based, ensuring unlimited simultaneous access for all of your patrons for one price, regardless of whether they're sitting in the library or accessing from a remote location. Quantity and collection discounts also apply, making ABC-CLIO ebooks even more affordable.

Easy to Get Started

Start your ABC-CLIO ebook collection with a free 30-day preview. Then talk to your representative to request a price quote for the various access options—your representative will be able to help you decide whether purchase or subscription is the right choice for you. Once you've made your decision, your representative will submit your order for processing and coordinate turning on access for your institution.
